## SOFA & CHAIR

### THE ULTIMATE IN FLEXIBILITY AND STYLE

#### Unmatched Flexibility

Explore the freedom of creating intimate seating clusters in open areas with Circles. Its diverse range of back heights allows you to craft small seating enclaves, providing a unique degree of flexibility for dynamic environments.

#### Designed for Every Setting

Equipped with wheels as standard, Circles chairs effortlessly glide to transform your spaces. The high-back chairs find their place in open areas, corridors, and collaborative workspaces, offering tranquility for focused work and discussions. The lower-back versions redefine elegance, making them perfect as stylish and comfortable lounge furniture in reception areas, lobbies, and similar settings.

### TAILORED FOR HEALTHCARE UNITS:

#### Adaptable in Healthcare Environments

Whether in patient rooms or welcoming reception areas, Circles effortlessly blends into healthcare spaces, ensuring a harmonious balance of style and comfort.

Crafted to seamlessly integrate into healthcare settings, Circles with antibacterial fabrics is ideal for patient rooms, waiting areas, and various healthcare facilities.

# UNI

## SOFA & CHAIR

### UNI CHAIR WITH HIGH OR LOW BACKREST

#### Perfect for Diverse Spaces

Whether it's a reception, waiting area, school, or healthcare facility, our furniture caters to a diverse clientele. The UNI series presents a complete sofa group, providing an ideal solution for various settings.

Enjoy a large selection of high-quality fabrics and leathers, so your furniture will look fantastic and stand the test of time.

For those seeking elevated comfort, we offer a high-back option with the same exquisite seating experience as the rest of the UNI series.

### TAILORED FOR HEALTHCARE UNITS

#### Create Your Perfect Space

Tailor your experience with our versatile model featuring a detachable seat. Choose between sturdy steel legs or solid wood legs to complement your aesthetic. Additional options include urine-resistant fabric, removable covers, and armrest protectors – allowing you to customize your furniture to perfection.

# COCOON

## ACUSTIC FURNTIURE

### UNWIND IN PEACE AND QUIET

#### Relaxing & comforting:

Transform any space into your sanctuary with Cocoon, making it an ideal choice for a variety of environments, including schools, waiting areas, as a nursing chair, and even in psychiatric and dementia care settings. Experience the luxury of uninterrupted moments and promote an environment of peace.

#### Improved acoustic privacy:

Cocoon doesn't just block sound; it curates an intimate sanctuary and protects you from the outside world. Its unique design ensures an acoustic Cocoon where you can escape and find comfort.

### A ROOM WITHIN THE ROOM

#### Versatile applications

Beyond its aesthetic appeal, Cocoon is a versatile solution for different environments. From creating focus in educational spaces to creating quiet corners in healthcare environments, it offers a multi-dimensional approach to wellbeing.

#### Tailor-made accessories

Customize your Cocoon experience with our range of accessories, including footstools, kick plates, and iPad holders so your space reflects your unique style and preferences.

#### Discover the serenity of Cocoon

Redefine your space with a piece of furniture that blends aesthetics with functionality, creating an oasis for relaxation and focused moments.
